

Keep Transit Public.

Metrolinx is planning for a Rapid Transit project for Queen Street West here in Brampton.

Why should you care?

Because if Kathleen Wynne has her way, this project will go to private contractors that pay lower wages, reduce benefits, and cut corners on service and maintenance!

ATU knows that transit in Ontario will be stronger if it is owned and operated by the public, not by private companies trying to squeeze a profit out of our tax dollars.

Who better to operate and maintain new transit service in Brampton than the hardworking ATU Local Unions and members that have been doing the job for more than a century?

Let's Keep Public Transit in Brampton Public!
